## Sexually Transmitted Infections (STI):

Screening for chlamydia and gonorrhoea is available at all clinics, but we recommend that men who have sex with men and people who have noticed genital problems e.g. abnormal discharge, lumps, ulcers etc go to Cardiff Royal Infirmary. We offer a full service there, including screening for blood borne viruses - syphilis, hepatitis and HIV.

**Emergency contraception** lasts for 3 days and sometimes five days after unprotected sex. This is available at all our sexual health clinics, GP surgeries and some pharmacies.

### General Enquiries & Cancellations:

**029 2033 5355**

lines open between 9am – 5pm

A cervical smear test can be done at your GP surgery or in a Department of Sexual Health Clinic.

Please see our website for further information:-

## Cardiff & the Vale of Glamorgan Department of Sexual Health Clinics

To book a clinic appointment at Cardiff Royal Infirmary by phone, please text the word **SLOT** to **07786 202254** from 6pm the evening before the clinic you want to attend.

If you cannot get a text slot appointment but need to be seen, you can go to the Cardiff Royal Infirmary Clinic, Monday to Friday without a text slot appointment. You will be assessed to decide whether you need to be seen by a clinician or make an appointment to come back to the clinic.

For the fitting of an implant (rod) or intra uterine device (coil) you can make an appointment at Cardiff Royal Infirmary :-

**029 2033 5355**

It may be possible to have these fitted in walk-in clinics at all other sites but it is advisable to phone in advance
